InsightXG

Real-time data for real-world reporting

Software Reviews 2021 — TOP RATED FEATURE — ARCHIVING AND REPORTING

TIMELY, ACCURATE INFORMATION IS CRITICAL TO YOUR SUCCESS, AND **InsightXG** FROM basys unlocks the value of your data to extend real-time, self-service reporting and analysis capabilities to front-line users and eliminate countless hours of waiting to collect and sort data for customized reports.
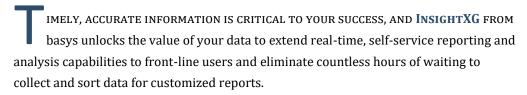

InsightXG's intuitive, browser-based interactive reporting is powerful and easy to use. With only a few clicks, users can easily access, customize and run reports and analytics. **InsightXG** offers:

✦ Extensive report management capabilities, including a user-defined report home page, tagging, searching and archive.

✦ Flexibility to schedule and run reports and distribute results when you want.

✦ Integration with desktop functions like PDF, email and Excel to enhance the user's ability to analyze data and take action.

✦ On-demand information drill-downs, interactive sorting and grouping, dynamic analytics, charting and database aggregate analysis.

✦ A library of more than 200 common Taft-Hartley report templates to get you started, with tools to customize or design your own.

✦ Comprehensive user and group security for functions and data.

InsightXG accesses and translates source data, making even complex information easier to understand, interpret and sort for a multitude of business scenarios. **InsightXG** also provides associations between multi-valued related data for easy access in building reports that reveal trends and opportunities. Dashboards and charts let you create and deliver reports that graphically illustrate key data points.

Unlock the power of your data! Contact basys today for an **InsightXG** demo.

About basys

Since 1977, basys has specialized in benefits administration solutions for the Taft-Hartley community, providing cloud-based, integrated technology that helps trust fund offices, national multiemployer plans and TPAs accurately and efficiently serve millions of members across the US and Canada.
